PROFESSIONAL SUMMARY

Full Stack Developer experienced in building scalable applications using **React, Node.js, PHP, and MySQL**. Skilled in developing **REST APIs**, optimizing backend performance, integrating **CI/CD** pipelines (**GitHub Actions, Jenkins**), and working with **AI/ML** solutions. Strong **DSA** foundation (500+ problems) and passionate about system design, cloud, and high-quality software development.

WORK EXPERIENCE

Truecin **Pune, Maharashtra**
Associate Software Engineer *Sep 2025 - Present*

- Built and optimized full-stack features using **Angular, Node.js, PHP, and MySQL**, improving application performance and scalability.
- Developed and integrated **REST APIs** in **NestJS** and improved performance by **30%** by optimizing queries and using indexes.
- Resolved production issues and automated **CI/CD workflows** with **Jenkins**, boosting system reliability and deployment efficiency.

Pattern Technologies **Pune, Maharashtra**
Software Development Intern *Jan 2025 - Jun 2025*

- Developed reusable **DatePicker** component using **Next.js, React.js, and TypeScript**, improving **UX** consistency across **10+** user flows.
- Streamlined **CI/CD pipelines** by **35%** through automation and integrating **rsBuild** with **Webpack**, accelerating build and deployment.

Software Development Intern *May 2024 - Jul 2024*

- Built and integrated **CRUD-based REST APIs** using **React-Redux and Saga**, improving application responsiveness and scalability.
- Worked in **Agile methodologies**, contributing to code reviews and maintaining **SDLC** standards to ensure fast, high-quality delivery.

PROJECT EXPERIENCE

Estate Rental **Pune, Maharashtra**
MERN stack : [GitHub Link](#) *Jun 2024 - Aug 2024*

- Developed a full-stack real estate app using the **MERN** stack, integrating **REST APIs** and **Redux** for efficient state management.
- Implemented secure authentication using **JWT, Firebase, and Google OAuth**, along with **CRUD** operations and image uploads.

JobGenix - Job and Talent Recommendation Platform **Pune, Maharashtra**
Python, Selenium, CI/CD : [GitHub Link](#) *Dec 2024 - May 2025*

- Reduced **RMSE** by **27%** by integrating a hybrid recommendation model (**BERT + Content-Based + Collaborative Filtering**).
- Increased job match precision from **58%** to **72%** by using **BERT** and **TF-IDF** in a content-based filtering system.
- Achieved **100% recall** and **84% F1-score** by using a **hybrid** algorithm to improve recommendations and candidate shortlisting.
- Automated daily job fetching using **Selenium, NLP, and CI/CD** (cron jobs), boosting recruitment data efficiency.

Multi-modal Compression **Pune, Maharashtra**
C++, Data Structures and Algorithms : [GitHub Link](#) *Oct 2022 - Jan 2023*

- Image Compression: Used **Quad Trees** with **recursive decomposition** for lossy compression, optimizing storage efficiency.
- Audio Compression: Applied **non-linear companding algorithm** with **lookup table** for lossy compression, enhancing dynamic range.
- Text Compression: Implemented **LZW algorithm** with **HashMaps** for lossless compression for efficient encoding and decoding.

TECHNICAL SKILLS & INTERESTS

- Programming Languages : C++, Java, Python, JavaScript, TypeScript, C, PHP.
- Web Development: MongoDB, Express.js, React.js, Node.js (MERN), Next.js, Firebase, MySQL, PostgreSQL, Angular, Spring Boot.
- Software Development: API design & integration, REST APIs, SDLC, Agile methodology, Junit, Unit Testing, Version Control.
- Concepts & Tools: Data Structures and Algorithms, OOP, AI/ML, DBMS, OS, Git, GitHub, CI/CD pipelines, Bitbucket, AWS.

CERTIFICATION & KEY COURSES

- Complete **Full Stack Web Development** Bootcamp - Udeemy

LEADERSHIP EXPERIENCE

Zest, COEP **Pune, Maharashtra**
Head : *Web and Android portfolio* *Jun 2023 - Feb 2024*

- Revamped the event platform using **HTML, CSS, JS, and Java**, delivering **20+** features and fixing **15+** bugs to improve performance.

EDUCATION

College of Engineering, Pune (COEP) **Pune, Maharashtra**
B.Tech - Computer Engineering : **8.39 CGPA** *Graduation Date: Jun 2025*

Class XII **Nashik, Maharashtra**
HSC : **86.50%**, *MHT CET* : **99.3 Percentile**, *JEE Mains* : **97.5 Percentile** *Graduation Date: Jun 2021*
